

## Attestation of Financial Support

*Please review the following instructions before completing and signing this form.*

1. Complete the attestation indicating the amount of support that you will be providing for each year of the student's academic program. You **MUST** show **immediately available liquid assets** for the first year only. (**NOTE:** Liquid assets include money in a banking account, stocks, bonds, or other investments with cash value. Retirement accounts cannot be used as a source of financial support unless you can provide evidence that you are, in fact, retired and able to access those funds without penalty for early withdrawal. Real estate or other non-liquid assets such as automobiles, jewelry, or other personal property cannot be used as a source of financial support under any circumstances). Please provide financial support evidence to the student. The student will submit the information to the Office of International Services.
2. All proof of financial support must be submitted in English.
3. All proof of financial support must be stated in U.S. dollars and clearly state the date that the documentation was written or printed.
4. Please be aware that evidence of financial support must also be shown to the U.S. Embassy or Consulate when applying for a visa.
