THE ROOMMATE MEDIATION PROCESS

When roommates are having a conflict, they must engage in the mediation process. The mediation process is:

- Roommates will speak to each other respectfully to try to resolve the conflict on their own.
- If roommates are unable to resolve the conflict on their own, they should speak to a Community Assistant so a roommate mediation meeting can be scheduled. All roommates must participate fully in a mediation meeting.
- If the conflict continues, the Resident Director will conduct a mediation. If the conflict still persists, one or more roommates may be relocated.

By signing your name below, you are indicating that you have participated in the creation of the roommate agreement. You are also indicating you understand your role in the mediation process.
